PC Safe Graffiti Removal

PRODUCT CODE: DCL00105

Product Description

A powerful, yet safe graffiti removing liquid specially developed for use on sensitive surfaces including polycarbonates. It will not damage or cause the misting of polycarbonate. It comes in a ready to use form making it quick and easy to use. Simply apply to the surface and rinse/wipe off.

Directions

Graffiti remover PC Safe Liquid is designed to be undiluted.

All Surfaces:

Dampen a clean cloth with Graffiti remover PC Safe Liquid. Dab and wipe off the graffiti, turning the cloth frequently to ensure the mark is not returned to the surface. Wipe off any residue with a clean damp cloth then rinse the surface. For best results, rinse with a mildly alkali cleaner.

If preferred you can apply the liquid with a brush then continue agitating to remove the graffiti. Ensure that the surface is kept wet, if necessary reapply the liquid. Wipe and rinse as above.

Cautionary Notes:

Always test a small area first to check for surface compatibility.

Health and Safety

Product risk and safety phrases

S37/39 Wear suitable protective clothing, gloves and eye/face protection

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice

S2 Keep out of reach of children.

PRODUCT SAFETY DATA SHEET

IDENTIFICATION

Product Name: PC Safe graffiti removal
Product Code: DL00401
Supplier: Clemas & Company Limited
Units A3 & A4, Northway Trading Estate
Tewkesbury, Glos GL20 8JH
Tel: 01684 850777
Fax: 01684 850707

COMPOSITION/INFORMATION INGREDIENTS

2-methoxypropanol <= 0.2%

HAZARDS IDENTIFICATION

CHIP Classification: This product is not classified as hazardous under CHIP regulations.

EYE HAZARD: Will cause discomfort.

SKIN HAZARD: Prolonged or repeated contact may cause irritation/dryness.

RESPIRATORY HAZARD: Not a hazard in normal use.

FLAMMABILITY HAZARD: Not combustible

OTHER HAZARDS: None

FIRST AID MEASURES

EYE CONTACT: Immediately flush eyes with water for at least 10 minutes. Retract eyelids often. Seek medical assistance if irritation persists.

SKIN CONTACT: Wash skin with mild soap and water and seek medical attention if irritation persists.

INHALATION: If irritation occurs remove to fresh air, keep warm and at rest. Seek medical attention immediately.

INGESTION: Do not induce vomiting. If conscious give water to drink and seek medical assistance immediately.

FIRE FIGHTING MEASURES: Non flammable. Extinguish using water spray, powder, alcohol resistant foam, carbon dioxide. Surrounding fires use water spray or fog for cooling exposed containers. When heated to decomposition, emits dangerous fumes. Carbon monoxide. Carbon dioxide. Wear self-contained breathing apparatus, rubber boots and thick rubber gloves.

ACCIDENTAL RELEASE: Clean up any spills as soon as possible, using an absorbent material to collect it. Use suitable disposable containers. Flush with plenty of water.

HANDLING & STORAGE: Store in a cool, dry place, with plenty of ventilation. Avoid contact with eyes. Avoid all unnecessary exposure.

EXPOSURE CONTROLS/PERSONAL PROTECTION

These measures are suggested on the basis of general use methods and may not be appropriate to all potential users of the product. The user responsible for carrying out a full risk assessment of their specific processes and systems of work.

EYE PROTECTION: Chemical goggles or safety glasses

HAND PROTECTION: Use neoprene or rubber gloves

BODY PROTECTION: As necessary to prevent contact.

RESPIRATORY PROTECTION: Local exhaust and general ventilation must be adequate to meet exposure standards. In case of insufficient ventilation, wear suitable respiratory equipment.

OTHER PROTECTION: N/A

OCCUPATIONAL EXPOSURE LIMITS:

1-methoxy-2-propanol : TLV-TWA (mg/m³) : 369

1-methoxy-2-propanol : TLV-TWA (ppm) : 100

1-methoxy-2-propanol : TLV-STEL (mg/m³) : 553

1-methoxy-2-propanol : TLV-STEL (ppm) : 150

STABILITY & REACTIVITY

Hazardous Reactions: None under normal conditions

Conditions avoid: Overheating

Hazardous decomposition products: When heated to decomposition, emits dangerous fumes. Carbon monoxide. Carbon dioxide

TOXICOLOGICAL INFORMATION

Eye Contact: Will cause irritation.

Skin Contact: Prolonged or repeated contact may cause irritation/dryness.

Inhalation: May cause irritation to the respiratory tract and to other mucous membranes.

Ingestion: May cause irritation of the linings of the mouth, throat and gastro-intestinal tract.

ECOLOGICAL INFORMATION

No specific risk for the environment

DISPOSAL CONSIDERATIONS

Dispose in a safe manner in accordance with local/national regulations.

TRANSPORT INFORMATION

Transport Classification: Not classified.

UN number not classified

REGULATORY INFORMATION

S37/39 – Wear suitable gloves and eye/face protection

This product should be stored, handled and use in accordance with good industrial practice and in conformity with legal regulations. The information this data sheet is based on the present state of our knowledge and is intended to describe products from the point of view of safety requirements are thus should not be constructed as guaranteeing specific properties. It is for the users to satisfy themselves of the suitability of this product for their own applications.
